## INTRODUCTION

Twelve years ago, a nine-tailed fox demon appeared and attacked the Leaf Village. The ninja of the village rose up to defend their homes, but the demon was too powerful for them. One ninja, known as the Fourth Hokage, sacrificed himself in order to stop the demon. He trapped the fox's spirit inside the body of a baby boy, Naruto Uzumaki.

Naruto doesn't know why no one in the Leaf Village seems to like him. In fact, no one's ever seemed to like him. He tells himself it doesn't matter anyway because he has a plan. Soon everyone will have to respect him. He's studying to become a ninja, and he's not going to be just any ninja. Naruto is determined to rise to be the next Hokage, the best ninja of them all.

The journey won't be easy, but Naruto knows he will succeed. All it's going to take is hard work and guts...and maybe a few bowls of ramen from Teuchi's shop.

Believe it.

## STORY MODE

### Characters: Friends

**Naruto:** Because his body holds the Nine-Tailed Fox Spirit, Naruto grew up disliked by most of the people in the Leaf Village. As a child, he gained a reputation for being a troublemaker. But now he is trying to change his ways and become a truly great ninja. Naruto is enthusiastic and powerful, but he rarely thinks before he acts. This gets him into trouble more than once! Naruto's two best friends are his teammates: Sakura, whom he has a crush on, and Sasuke, who is also his rival.

**Sakura:** Sakura is in Squad 7 with Naruto. She's incredibly smart and has great control over her Chakra. Her jutsu are not quite as strong as Naruto or Sasuke's, but she is talented, and knowledgeable in the properties of herbs.

**Sasuke:** Sasuke is the third member of Squad 7. He is considered a genius, with the potential to be the best ninja of his generation. Naruto struggles to outdo him on all of their missions. At first, Sasuke regards Naruto with contempt, but eventually comes to see him as a worthy rival and their competition becomes a way of encouraging each other to improve.

**You can challenge Sasuke in the Leaf Village.**

**Hokage:** The Third Hokage is the leader of the Leaf Village and the strongest ninja who lives there. He is one of the four greatest ninja of all time, and his face is one of those carved on the cliff behind the village. He is one of the only people who doesn't treat Naruto like an outcast.

**The Third Hokage will give you Missions, and is able to help you replenish your Memoclips.**

**Iruka:** Iruka is Naruto's teacher at the Ninja Academy. He sometimes seems angry with Naruto, but it's only because he wants so much for Naruto to succeed. Iruka's parents were killed by the Nine-Tailed Fox, so he knows what it's like to grow up alone and isolated, like Naruto did. Iruka sometimes takes Naruto out for ramen as a special treat.

**As a Sensei, Iruka will train you to become a better ninja!**

**Kakashi:** Kakashi is a Jounin-ranked elite ninja who is assigned to look after Squad 7. Although he is always late and may seem flaky and scatterbrained, Kakashi is actually one of the best ninja in the Leaf Village. He's tough on Naruto, but is secretly proud of the work of all the members of his team.

**As a Sensei, Kakashi will give you Ninja Missions and train you to become a better ninja!**

## Characters: Foes

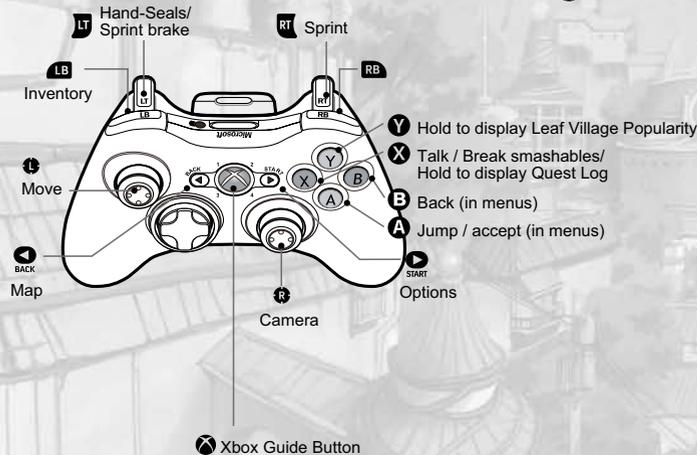

**Gaara:** A Genin from the Sand Village who comes to town for the Chunin exams, Gaara is actually somewhat like Naruto – that is, he has a demon living inside of him. However, where Naruto has made friends and is no longer isolated, everyone in Gaara’s village still hates and fears him. This has made Gaara angry and violent. Gaara’s demon is a sand demon called Shukaku. It protects him and gives him special powers, making him extremely difficult to defeat in battle.

**Orochimaru:** Orochimaru is a former student of the Third Hokage, but he has left the Leaf Village and turned to evil. He is an incredibly skilled ninja who wants power more than anything else. He specializes in forbidden jutsu, but he is also very good at summoning jutsu, particularly involving the summoning of snakes.

## GAME HINTS

### General Hints

Meet up with your masters frequently. There's a lot you can learn from them.

The world outside the Leaf Village is dangerous. Before you go, remember to stock up on Ramen, Weapons and Scrolls.

The more money you have, the more things you can buy. Items that refresh your Health and increase your Strength will be your best friends in your journey.

The more you help villagers in Leaf Village, the easier it will be for you to get information when you need help with a mission;

Look for coins in Leaf Village and the forest around it. A lot of them are hidden, so keep your eyes peeled!

When you see footprints on a wall, try to climb it using Chakra Concentration. You might find something interesting.

### Fight Hints

Always remember your Rage mode in a fight: the opportunity to use it is short but it can make a world of difference.

Balancing your use of jutsus and combos is an effective way to dominate your opponent. Knock your opponent down using your combos, then pull off your big jutsus.

The kunai is your friend, even if it does only small amounts of damage. It's the best way to stop an enemy's air attacks and jutsus in the early stage.

Try to pull a Substitution Jutsu as often as you can. It's guaranteed to surprise your opponent.

Each fighter has their own strengths and weaknesses; try to figure out what they are!
